1 year of experience in a P&C state insurance company with an in-depth understanding of data analysis and reporting.
I am an actuarial student seeking a role in P&C after exposure of working in P&C for 1 year.
Looking for growth opportunities such as developed actuarial development program or role that provides support working towards ASA/FSA.

Authorized to work in the US for any employer

Work Experience

Assistant Actuary Casualty, R&A (Research and Analytics)

New York State Insurance Fund - Manhattan, NY

July 2022 to July 2023

Managed creation and held maintenance for all reports regarding side of policy as a 1-year rotation
Met every deadline: Turned in every monthly/quarterly report on time
o Monthly Reports:
PBM - updated Pharmaceutical Bill Report on a monthly basis
o Quarterly Reports:
Exposure – File used to gauge total Loss Development
DOL – Department of Labor
BOC - Blanket of Coverage Policy Count and Total Premium Report
Took on all responsibilities of previous senior analyst in same team of 7 years
Documented every assignment and report such that it was easy to understand and replicate
Trained new hire

Math Tutor

The Actuarial Foundation, Legacy Foundation + Pathways Academy - Hartford, CT

October 2021 to May 2022

Tutored 1-3 students at once varying from grades 6-11 at two schools for three hours per week as a volunteer
Identified students' areas of weakness, adapted to different learning styles of students, and provided constructive feedback to improve overall SAT math scores
Tutored economically disadvantaged future 1 st generation college students in diverse SAT math subjects such as algebra, problem solving, geometry, systems of equations, and data analysis
